

Do not let the Bell "Wolves" own the chicken coop you already allow them to dominate. Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly to blame for the travesty. DO NOT DO IT. Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country.

Bell must work to keep people with them. My phone provider is BELL. I am with them by choice. I could change if I choose. Bell is trying to use the FCC to help them put other Telecom companies out of business. Competition is the AMERICAN WAY. As I have said, I am with Bell by choice. We need your help to keep affordable phone service to all Americans. Competition forces price control without government intervention. Please let capitalism work for all of us.
